# We Transform Lives

We believe mobility and independence are basic human rights.

## Our Mission

Project MEND is committed to improving the quality of life for individuals with disabilities and illness through the refurbishment, reuse and distribution of medical equipment and other assistive technology.

## Our Vision

Believing that mobility and independence are basic human rights, Project MEND promotes the health and self-sufficiency of people living with disabilities or life-altering illnesses by providing innovative solutions that assist in overcoming obstacles and barriers.

## Our Impact

For more than 30 years, Project MEND has provided medical equipment for the community's most vulnerable people. Founded in 1992, Project MEND helps thousands of individuals in need acquire the right tools to overcome or better manage a disability.

We are excited to host our 1st Annual **Viva Mobility** event to benefit Project MEND.

We invite you to sponsor this event to help *keep our wheels in motion!*

Please send us the form below, scan the QR code below, or visit [ProjectMEND.org](http://ProjectMEND.org) to complete the sponsorship agreement and register participants.
